## THE CAUSE

Second Harvest Heartland is one of the nation's largest, most efficient and innovative hunger relief organizations. We provide an average of 75 percent of all food distributed by our food shelf partners and in 2015, provided more than 77 million meals to nearly 1,000 food shelves, pantries and other partner programs serving 59 counties in Minnesota and western Wisconsin.

No one should go hungry in a region with abundant food sources. Along with our partners we are creating a sustainable support system that delivers food to those in our community that need it most.

We cannot do this work alone. With your help, our hungry neighbors can find their next meal so they can thrive at work, in the classroom and in their communities.
